OPPIUM CONFERENCE

PLenary SITTING HELD

CHINA EMERGES UNSCATHED

SOME ESSENTIAL FEATURES

(Reuter's Service.)

GENEVA, November 13.
At a plenary sitting of the Opium Conference the various delegations described the measures in their respective territories. The Japanese delegates mentioned a great decrease in the number of smokers. Sir Malcolm Delevingne (England) said of conditions prevailing in Hongkong and the Straits Settlements. The British and French delegations announced they had prepared draft conventions on the subject of opium. Mr. Campbell (India) said the system of registration and control in Burma. He said the possibility of smuggling the system depended largely on local conditions. He was of opinion that prices should be regulated as the increase in the price of opium tended to increase smuggling. The British draft convention proposes the importation, manufacture and sale of raw and prepared opium shall be solely conducted under Government monopoly. Provisions shall be made as regards the retail sale; export shall be prohibited from territories and instruction shall be given in schools to discourage opium-smoking; the number of retail shops be limited and it shall be laid down as an offence to engage in opium transactions outside the jurisdiction of the respective Governments. Governments shall facilitate the exchange of information tending to assist in the suppression of illicit traffic. The convention is not intended to apply to importation for medical purposes.

RESULTS TO DATE

The upshot of to-day's proceedings is that China emerges unscathed, though the debate will be resumed to-morrow.

The essential feature of the French Convention is the control of the sale of opium; the number of places for sale; prohibition of sale to minors; non-increase of the number of opium dens; prohibition of traffic in dress and suppression of smuggling.

The most noteworthy feature of the afternoon's sitting was the Japanese delegates taking up arms on behalf of China with a resolution, expressing confidence in Dr. Sze's statements and expressing hope that political circumstances would render amicable cooperation with China to the suppression of the scourge of opium, proclaiming unshakable fidelity to the principle of non-intervention in China's internal affairs.

Some heat was engendered following an amendment, submitted by the Indian delegate, regretting "the enormous illicit opium production of China which finds its way to other Far Eastern countries, rendering the control most difficult." Dr. Sze vigorously combated the amendment and Mr. Sugimura eventually withdrew the resolution.

WHAT THE VOTES WERE FOR.

POLICE INCREASE.

The Colonial Secretary explained the purpose for which the vote was required at yesterday's meeting of the Finance Committee which followed the Legislative Council meeting.

[These "items" were set out in yesterday's issue of the "China Mail."]

In referring to the excess police vote for housing and mess utensils the Colonial Secretary explained that the balance was due to the purchase of 500 mosquito nets at \$11.50 each in connection with the prevention of malaria. The Colonial Secretary also explained that the extra vote for identification was due to their being more than 4000 parolees last October.

and for subsistence of prisoners to an increase in their number. The \$200 vote in aid of the Harbour Master's Department, Special Expenditure, Building of a Rescue Tug, was explained by the Colonial Secretary as being required to cover the increase in the first two instalments of the contract price of the rescue tug. The price of the tug had been increased by \$5,000 in connection with the installation of a stronger pump and each instalment had to be increased by \$1,000.

UNDERSTANDING AND CONCILIATION.

(Reuter's Service.)

BERLIN, November 13.

In a speech at Dortmund, Herr Stresemann paid a tribute to the spirit of understanding and conciliation which dominated the London Conference, especially negotiations with French and Belgian statesmen, which had borne fruit and justified the confidence that those countries would fulfil their obligations.

He declared commercial negotiations with Britain were proceeding with good prospects of success. He denied Germany would shortly flood foreign countries with German goods and keep out foreign goods by prohibitive tariffs. He expressed dissatisfaction with the response to Germany's memorandum regarding entry to the league. He asserted only a few Powers had replied to the memorandum not all of them had fulfilled expectations.

NO SWOONING!

WHETHER it was that the sun was too bold or the
curate too bashful, the Early Victorian young lady
had one resource. She swooned away! Always someone
fainting or something fainting. But it's not so now. Beauty
has got to bear up. If your winter clothes have faded and
soiled, why not try our dry cleaning Dept. You will be
surprised at the beauty and finish.

There are advantages to being
married officially, one of which—
and noteworthy if you are a man—
is that if hard times befall you and
you find yourself swelling the
ranks of Russia's two million
unemployed your wife must
support you if she can.

If on the way home, or on the
following morning, or in the course
of the ensuing week you make the
discovery that life after all, is not
going to be all that you had hoped
for, your course is clear. There
need be no delay. You merely
return to the same girl with
the cigarette and declare your
mutual desire for divorce.

BREAKING THE TIE.

She has probably forgotten you,
so without the slightest personal
interest in you or your affairs she
reaches in her blouse way, this time
for a small green form, fills in the
same particulars as before, adding,
only for statistical purposes,
"incompatibility of temperament"
as the reason for divorce if you
have no objection to stating it. No
reason whatever is necessary
under the law.

You then pay three roubles, or
about 7s. 6d., and you may leave,
both of you, and come back and
marry again that afternoon.

You may marry and divorce as
many times as you wish in Soviet
Russia. If there is always mutual
consent in divorce there remains
only the one minor obstacle—the
three roubles. It is only necessary
either that both parties appear or
that one carries a signed declara-
tion of agreement from the other.

UNIVERSITY TROUBLE.

When the University passed safely through the crisis that arose several months ago, every one hoped that a new era had arrived, a new era in which our "Temple of Learning" would be able to pursue its appointed tasks free from the disturbing influence of domestic troubles. This, however, was not to be, for very soon it became evident that some of the students were becoming restive under the stricter discipline that was being enforced. Eventually matters came to a head when the Vice-Chancellor was compelled to "send down" for one term a student whose breaches of discipline were too glaring to pass over. There was some protest from the faculty-students' friends, but this was regarded as only natural, and it was thought that

his fate would serve as a salutary example. Unfortunately hopes were again doomed to be disappointed. Further trouble occurred and earlier this week it was strongly rumoured that a strike had been organized. However, if a strike is contemplated, none has yet been declared, and to-day we learn that work is proceeding at the University in the normal way. The students, we understand, have sent a petition to the Council asking that certain punishments be reconsidered, and are now awaiting an answer. Until this answer is given it would be futile to discuss the merits of the differences in question; apart from which, moreover, we would not, as we have said before, join any dispute between the students and authority over discipline, for besides placing the University staff in an impossible position, this would be inconsistent with our firm belief that discipline must be enforced at all costs. However, although we refrain from these reasons from making any comment upon the merits of the differences that have arisen between the students and authority, we do offer a few general remarks which we think might be taken to heart with beneficial results all round. Some people might argue that since study is the chief purpose of attending a university, discipline has no value for the student in after life. Yet indeed it has. Book learning may be much, but it is not everything. There is also that mental poise, that sense of discipline which is usually described as the university hall-mark. Now this is something that benefits the student only. Therefore quite apart from any gentlemanly instincts, quite apart from any innate respect for authority or any desire to help those whose lot it is to equip him for his work in life, one would expect to find the student, alert to his own interests, ready to assist discipline as much as he possibly could—even, as we do not suggest has happened in the present instance, even if he felt that perhaps discipline was sometimes unduly severe. But if the student cannot accept discipline gladly in his own interests, he must be compelled to accept it in the University's interests; for rather than have any British university degenerate into the sorry state of certain other institutions it is kinder not to name, most people here would prefer to close down the University altogether. With this view we entirely concur. If the Colony cannot have a good university, emphatically let it have none at all. These are points that the students might well, as we suggest, take carefully to heart, together with the reminder that, whatever view University authority may take, the public will regard any disputes over discipline, not upon their individual merits, but as proofs of an attitude, an attitude that can, as we have pointed out before, bring only one response—students must either accept the discipline imposed by the proper authorities or go elsewhere.

Alarm At Chefoo.

Under date of November 7 our correspondent at Chefoo sends full details of the stir caused in the town by the arrival in harbour of the s.s. "Mao Lan," carrying troops and munitions for Marshal Wu Pei-fu. The vessel ignored the signal to remain outside the breakwater and dropped anchor off Settlement Hill Point. Mild alarm was evinced at the vessel's arrival, which increased when it became known that two Chinese warships and four freighters were anchored behind the bluff, awaiting the arrival of Marshal Wu Pei-fu on board the gun-boat "Hui-Chue." The senior Consul, Mr. H. F. Elche, and Mr. J. R. Putnam, the American Consul, held a conference with the American Admiral as soon as it became known that the vessels all had Chinese troops on board, who were in no mild mood on account of shortage of provisions. The local Chinese officials appear to have been rather unnecessarily alarmed; at any rate they sought foreign assistance at a meeting

held at the French Consulate. Eventually members of the local Chinese Chamber of Commerce paid a visit to the "hostile" vessels, promising the troops that ample provisions would be sent on board provided the soldiers made no attempt to land. After the usual bargaining, an agreement was reached, whereby the vessels steamed into the outer anchorage. As a measure of precaution, two American destroyers dropped anchor between the Chinese vessels and the inner harbour. As no further unsettling news has reached here by cable it is to be presumed that the alarm was short-lived.

Let Australia Decide.

A writer in the "Sydney Sun" has been considerably puzzled by the names of the Chinese war-lords and the provinces in the war-zone as cables from the four fronts have appeared in the Australian papers. In an attempt to find a simple solution to the "Chinese Puzzle" he suggests that three figure names like Chang Tso-lin, Wu Pei-fu, Sun Yat-sen and Lu Ying-hsiang should be disregarded and substitutes found. He writes: Why not Christianise, or Confucianise, Wu Pei-fu into "McHaggis," and label Chang Tso-lin, "O'Reilly," and call Lu Ying-hsiang "Smith," and Sun Yat-sen "Bill"? Only by that means can we keep the four victorious generals distinct. When two provinces are fighting each other under almost the same name, no wonder that we cannot get up any enthusiasm over the campaign. Let us call Kiangsu "France" and Chekiang "Germany," and we would be able to take sides. Or, if we wish to localise the affair, let Kiangsu figure as Victoria and Chekiang as New South Wales. So many victories have been cable from so many fronts that it would be advisable for Australia to send a Soccer referee to decide who won, he concludes.

LOCAL AND GENERAL.

As will be seen from an advertisement in this issue, the golf match between St. George's and St. Andrew's Societies has been postponed until December 21.

The following passengers arrived here on the s.s. "Malaya" from Shanghai—Mr. G. W. Bowler, Capt. Cunningham, Mrs. P. C. Herb, Col. O. Palmer, Mr. H. K. Stephenson and Mrs. A. H. Watson.

The theft of three coils of wire rope, valued at \$10, has been reported to the police by a foreman working for the Talkoo Sugar Refinery. The rope was lying in a building under construction and the loss was only discovered yesterday.

The final showing of "Bought and Paid For," a William de Mille Paramount production featuring Agnes Ayres and Jack Holt, will be given at the Queen's Theatre to-day. The picture is a delightful one, and has scored a decided hit.

Prohibition officials in New York assert that the days of the "rum-row" are ending. Already a number of large vessels have been captured, and the supply of liquor from small boats leaving the bootleg fleet far out at sea for points on shore has been reduced by about ninety per cent. Liquor now costs ten dollars a pint, as compared with three or four previously.

At the Central Magistracy yesterday afternoon, a Chinese was fined \$20 or one month's hard labour for keeping and using No. 10, Bridges Street, for the purpose of selling Po Piu lottery tickets. Two others were fined \$100 each or 14 days for possession of a number of tickets, and a further two men who failed to appear had their ball exstreated. The charge against Mr. Leo d'Almada, was withdrawn.

SOCIAL AND PERSONAL.

The jury at Baltimore acquitted Mr. John Hill on the charge of violating the Prohibition Law.

A Reuter message announces that Mr. B. D. Morel, the Labour Member of the House of Commons, and a candidate for the Nobel Peace Prize, has died suddenly while on a visit to Devonshire.

Mr. Leo Wallace Young and Miss Collis Ayon, Shakespearean impersonators well known to Hongkong after a most successful tour in the Philippine Islands, left this morning by the s.s. "Mantau" for Shanghai. They return to Hongkong in December to give another short season of their costume revues.

INTERPORT CRICKET.

MALAYA AND SHANGHAI
MEET TO-MORROW.

NO MORE PLAY TO-DAY.

Instead of being continued this afternoon as some expected, the interport cricket matches are to be resumed to-morrow.

The first match, Shanghai v. Hongkong, was concluded at noon to-day and there will be no play this afternoon.

The Malaya team, having arrived yesterday, were down to practice at the Kowloon Cricket Club's ground this morning. This afternoon, nets will be set up at the Club ground to give the southern visitors further opportunity to settle down.

At 10.30 to-morrow morning, the home team will act as spectators to the match, Malaya v. Shanghai.

The Malayan Visitors.

M. C. C. writes thus to the "Malay Mail":

Brand-Reserve, wicketkeeper and a good field in any other position. A forcing bat, who has made more runs during 1924 than any other member of the team.

Edwards.—The oldest member of an oldish team but still very active in the field and a safe catch. Is capable of hitting many sixers on the Hongkong ground. An unorthodox bowler who is seen at his best in the nets.

Foster.—A legist light not to be confused with the agriculturist Johnnie. A hard hitting bat from whom many runs are expected, and a useful change bowler.

Grenier.—The best batsman in Malaya is good in first, his patience and watchfulness being proverbial; but he has yet to learn the art of dealing singles, the proud possessor of a silver mounted ball for capturing nine wickets for ten runs in an inter-state match (many years ago) may—history repeat itself!

Holmes-Brown.—won a great reputation in Hongkong in 1920 both with bat and ball, which we hope will confirm in 1924. But he is reputed to have developed a dislike for fielding in the country.

Knight.—A medium right hand bowler who has had a remarkable record this year in Singapore: as a bat he scores chiefly behind the wickets and should do well on the faster Hongkong pitch.

Livock.—A first class wicket-keeper and stylish bat, who will make plenty of runs provided the Malayan bowlers do not exhaust all his energy beforehand.

Phyre.—The most active member of the team, who allows nothing, not even the Selangor Club, to stand in his way when he is saving boundary hits. A left-handed bat who will be very unpopular with our opponents if he scores as many runs as he saves in the field.

Stiven.—Has still to win his laurels in representative cricket out East, which he should soon do as he has youth, energy, and a keen eye in his favour. A fine field and a fair bowler, he will make many runs when he learns to exercise more patience.

Thompson.—A good slow left hand bowler and an excellent field. But he bats right-handed, a culpable waste of Benjamin's birthright.

Whitley.—Our Singapore correspondent has not kept his promise to send a sketch of this member: perhaps he remembered the proverb "silence is golden" and feared to criticise a Deputy Public Prosecutor. Failing personal knowledge of his prowess, the reviewer must also perforce be silent.

Wyatt.—Rumour has it that he was of some use twenty years ago, but resurrection pie is rarely a success particularly in tropical climates—still blessed is he from whom nothing is expected for he will not cause any disappointment.

GRANADIERS DEFEAT CLUB.

[By "Sucks"]

Playing on Wednesday afternoon at the Marina Ground, Kowloon, the 24 Bombay Granadiers secured a victory from the Club 2nd eleven after a close game.

The Club commenced with only seven men, the Granadiers kindly lent four good substitutes however, two of whom played through the whole game.

The Granadiers, who were the faster team, opened the scoring, but the Club managed to even up before half-time, but were lucky in keeping the Granadiers out.

In the second half, the Granadiers scored the winning goal.

For the Club the backs played a fine game, while the Granadiers defence was good, and the combination of their forwards excellent.

Team List of Goals: The judges are not yet ready to give a verdict, but what he has done is the only true test. Chantel, John Owen, Semad, judged by this standard have been successful. People away from the ground are not likely to be able to give a verdict.

DR. SUN HERE.

PASSING THROUGH ON
TRIP NORTH.

WU INTERVIEWS PRESS.

Dr. Sun Yat-sen and nearly all the Canton Government officials of importance are at present on board the "Shinyo Maru," which is anchored amidsthips in the harbour of Hongkong. When the boat leaves for Shanghai nearly all of the Government officials will leave for Canton by the Chinese cruiser "Wing Fung" by which the party arrived at 6.30 this morning.

In spite of the early hour three launches awaited the arrival of the cruiser which was not, as had been reported, accompanied by the Soviet sloop. These were full of representatives of the Luen Yee (the Hongkong society which is in touch with the Kuomintang) and of Hongkong Labour Guilds. As the ship approached the man-of-war entrance bunches of crackers were fired and the launches followed the ship right into the harbour with this accompaniment.

The party immediately transferred to the "Shinyo Maru" where representatives of various delegations called upon Dr. Sun in the course of the morning.

Generalissimo Paraded.

When a "China Mail" reporter boarded the "Shinyo Maru" he noticed a general sudden stir and a move on the part of groups of passengers in the direction of the saloon. Stepping to the entrance he almost brushed against a short thick set figure in a plain gabardine suit who was the centre of all the attraction. Dr. Sun, who was accompanied by his wife, looked fairly fit but his face was a little drawn. He had apparently received a request from the photographers and cinema men congregated at the head of the gangway that he should pose for his photograph. With his wife by his side he took up his stand and while the cameras clicked and the cinema wheel squeaked Dr. Sun remained impassive with compressed lips. He was then asked if he would walk to the end of the deck and back again with his wife. This and yet another parade with the Government officials ranged behind him, Dr. Sun consented to after which he hurried to his rooms again.

A request for an audience was sent to Dr. Sun by the "China Mail" reporter through the good offices of Dr. C. W. Wu, Capton Minister for Foreign Affairs. The reply was that Dr. Sun was not granting any interviews but that Dr. Wu was empowered to speak on his behalf.

Changing Situation.

"The situation changes so from day to day that it would be inadvisable for any of us at Canton or here in Hongkong to make any prediction as to the possible result of the visit to the North," said Dr. Sun in answer to questions. "Dr. Sun has stated in the Manifesto issued a few days ago that the situation which has arisen can only be met by the realisation of the Minimum programme of the Kuomintang."

"How long does Dr. Sun anticipate the discussions of his and other programmes will take?" queried the reporter.

"Dr. Sun may be away a few days, weeks, or even years," replied the Minister for Foreign Affairs.

"Do you mean 'years' literally?"

"One never knows," replied Dr. Wu with a smile.

Questioned as to Dr. Sun's future movements Dr. Wu replied that his present intention was to stop for a few days at his home in Shanghai before proceeding to Peking. Dr. Wu emphasised that it was in response to urgent requests from Peking that Dr. Sun had undertaken the journey. He would be accompanied from Hongkong by the following members of the secretariat:—Messrs. Wong Ching-wai, Chu Woo-ching, Wei Yek, Wong Cheong-kuk, U. Yek-sen, Mei Shueing, Wong Wai-long, and Tsang Yuen-wah.

Amongst those who accompanied Dr. Sun from Canton were the Yunnanese General-in-Chief (Yang Hsien-min) and the Kwantung Commander-in-Chief (Liu Chia-wei), the Kwangsi Com-

COMPANY MEETING.

HONGKONG AND CANTON
ICE SHAREHOLDERS.

The third annual meeting of the Hongkong and Canton Ice Manufacturing Co., Ltd. was held at the Company's Town Office this morning, Mr. A. B. Stewart presiding.

There were present Rev. Father L. Robert, and Messrs. Ho Kom-tong, Leung Yan-po, Lau Yik-cheuk, Tong Kwan-shon and the following shareholders:—Messrs. A. W. Smith, H. W. Page, A. Stevenson, Chan Tong, Chan Nip-pan and Ng Kai-chi.

Chairman's Speech.

The Chairman said:—Gentlemen,—During the year under review the unsettled state of affairs in Canton, particularly during the best months for the sale of ice, deprived us of a large proportion of the profit we fully anticipated making. Nevertheless, I am pleased to say that the result of the year's working showed a profit of \$3,782.98, which sum has been transferred to the credit of profit and loss account to reduce the debit balance brought forward from last year. Your Directors feel confident that with anything like settled conditions in Canton we should, within a reasonable period, be able to wipe off our debit balance and place the Company on a dividend paying basis.

In my last year's speech I referred to the boiler plant which was for sale. We have now disposed of the electric generating plant but the buyer has been unable to take delivery owing to his inability to remove the machinery to its destination in the interior due to the insecurity of the roads and water ways. The two 80 H.P. Boilers are still on hand but we hope to dispose of them in due course.

I might mention that the General Managers, the Directors and the Secretary have received no remuneration for their services since the Company was started.

The Building and the Machinery are in excellent condition. No depreciation thereon has been provided for as such writing-off would only increase the debit balance now carried forward.

With these few remarks I propose that the report and accounts as presented by adopted. When the proposal has been seconded I shall be pleased to answer any questions shareholders may wish to ask.

Departure From Canton.

(From Our Own Correspondent.)

CANTON, November 13. Dr. Sun Yat-sen left his headquarters at ten o'clock this morning by the cruiser "Wing Fung," which was escorted by a fleet of Government launches and motor-boats and one of the "Kong's" a gunboat with two long funnels.

Going down by the Front Reach, the "Wing Fung" was greeted with a burst of firecrackers when passing the East Bund, the crackers ceasing when the cruiser reached Sincere's. She then steamed along the West Bund, in front of Shamane and went out behind Honam Island.

Some of the merchants are very pleased at his departure. The only people taking public interest in his sailing were the military and his immediate subordinates.

It was given out that he is to spend the night at the Whampoa Military College and leave for Hongkong to-morrow morning (Friday) accompanied by the Russian steamer "Vorovsky." The cadets at Whampoa are to entertain Dr. Sun and Mrs. Sun, and he will address them.

From the same source it was gathered that Dr. Sun intends to stay in Shanghai for a few days before going on to Peking. According to plans Dr. Sun will not land in Hongkong but hand over the "Shinyo Maru" direct from the "Wing Fung."

INTERPORT CRICKET.

HONGKONG'S SINGLE INNINGS VICTORY.

COLLAPSE OF THE VISITORS.

Dropped catches by Shanghai, a sterling innings by Webster, very good bowling by Bowker and Reed, ably seconded by Powell and Hargreaves, excellent teamwork in the field, a considerable amount of luck when Hargreaves was batting and clever leadership, were the factors which conduced mainly to giving Hongkong a comfortable lead at the close of play in yesterday's match with Shanghai.

12.10 p.m.
It would be difficult to single out any of the Hongkong team for special mention, now that Hongkong has won the first of the triangular series of interport matches. Ably led by H. R. B. Hancock, the eleven played as one man. There may be a few who dissented from the skipper's policy of keeping Reed and Bowker on to bowl throughout the morning but results justified the policy. To a casual observer, it seemed as if the bowlers made up their minds to take wickets just when they appeared likely to be taken off, and when spectators thought that they would be replaced especially as Hongkong had several other class bowlers to fall back on.

Bowker and Reed fulfilled expectations but Shanghai's failing with the bat is difficult to account for when the galaxy of talent is considered.

Hongkong showed up to great advantage in the field, thus repaying the selection committee and the seniors for the pains they had taken in giving all candidates for interport honours, ample practice in the field.

The sensation of this morning's play was, of course, the succession of dismissals for "leg before wicket" and the rapid fall in wickets after the first pair had made a stand, ostensibly, to wear down the bowling.

To-day's Play.

When play resumed this morning, Leach claiming 10 in as morning, Shanghai were 102 runs in arrears with 9 wickets to fall. Despite this heavy victory for the home team is by no means a certainty as the visitors are renowned as fighters and may yet bring off the improbable.

To say the least of it, their performance yesterday was indifferent, but that does not mean they will not do better today. If Shanghai are to have a chance of winning they must score at least 250 if not 300 runs in their second attempt.

The teams are:
Shanghai—Captain E. J. M. Barrett (captain), E. G. Barnes, D. C. Burn, P. Carr, W. C. G. Clifford, J. W. Evans, D. W. Leach, Dr. W. E. O'Hara, J. A. Quyle, T. W. Rawthorne and T. W. R. Wilson.

Hongkong—H. R. B. Hancock (captain), A. C. I. Bowker, Pay L. Com, E. L. Hargreaves, H. Owen Hughes, T. F. Pearce, Rev. T. B. Powell, Rev. E. K. Quick, C. W. Ramsay, E. B. Reed, C. O. M. S. A. Stripp, and R. E. A. Webster. Col. T. A. Robertson and Lt. Col. E. D. Matthews.

Webster who had injured his left forearm yesterday, was out fielding so G. R. More's services were not required.

Fielding Changes.

At 10.30 Reed (Supreme Court end) resumed to Barnes. There was a slight change in the Hongkong fielding. Quick joined Owen Hughes in the slips, Hancock went to mid-off and Pearce fielded at point.

Barnes was content to wait and let Reed's off-balls go by, the latter sending down a maiden. Rawthorne, the other net out batsman overnight, then chad Bowker's bowling from the Naval Yard, a bye resulting off the last ball and sending the 10 up at 10.39.

Rawthorne now faced Reed and square-cut him for four, subsequently getting a single past Hancock. Bowker bowled another maiden—his third consecutive one and the fourth out of six bowled.

Neither of the batsmen seemed to be in a hurry. They paid a certain degree of respect to the bowling and scored 5 runs plus a leg bye in 15 minutes. Reed had another maiden.

Rawthorne then had the bowling from Bowker and was well taken by Hargreaves at square leg, a two-handed catch low down. 10.48 a.m. Rawthorne 10, Total 16, 2 wickets down.

Captain Barrett took Rawthorne's place and played out the over. Off the first ball of Reed's next over, Barnes was given out l.b.w. to a confident appeal. 10.50 a.m. Barnes 0, Total 16, 3 wickets down.

Quyle replaced him, hit a two that would have been a four had it not been for Ramsay at mid-on and was out, l.b.w., two balls afterwards to the same bowler. Reed, 10.54 a.m. Quyle 2, Total 18, 4 wickets down.

Capt. Barrett Out.

Then came another sensation, almost immediately afterwards. Leach had substituted Quyle and played out the over and Barrett faced Bowker. He played two or three balls safely; then Bowker appealed and the visiting skipper was given out, also l.b.w. From the Press-box view, it appeared as if the ball struck Barrett above the pads. 10.58 a.m. Barrett 0, Total 18, 5 wickets down.

Evans went in, played a single and Leach scored a four between cover and extra cover. Singles were forthcoming from Reed's next over. Evans obtained another single from Bowker and Leach hit Bowker towards Taikoo gate, running the full four runs while Hancock and Reed indulged in leather-bunting.

Century Reached.

Opening with a single off Bowker, Wilson helped in the scoring which brought the 100 up before noon, this being applauded.

Dr. O'Hara (now over 20) then had what appeared to be a "life" from Stripp.

With Wilson batting, Bowker was still going great guns and it came as no surprise to see him wreck the fast bowler's wicket with a slightly shorter delivery which broke in from the off. Noon, Wilson 3, O'Hara 26 not out, Total 105 all out.

Thus Hongkong brought off the innings victory. If the result was not a surprise then the margin of victory—an innings and five runs—certainly was.

The collapse early in the Shanghai second innings paved the way to it but the later batsmen went down fighting.

KIDNAPPING MYSTERY.

CANTON MILITARY MAN SUSPECTED.

What is believed to be a case of kidnapping has just been reported to the police.

According to the statement of Chan Mei, an amah residing at No. 48, Bonham Road, a visit was received on the 10th instant from one Mak Ming-ching, an officer in Dr. Sun Yat sen's army, who stated that he was sent by his superior officer, Pun Wing-chai, to bring the daughter of the latter to Canton. The man being well-known to the establishment, the amah handed the girl over, together with some jewellery belonging to her, and the two of them departed.

Pun Wing-chai, who was in Canton at the time, and has just returned to Hongkong, asserts, however, that he never sent any messenger to fetch his daughter from his residence here.

So far the affair is shrouded in mystery.

ARMED ROBBERIES.

MANY REPORTS MADE YESTERDAY.

SAME GANG SUSPECTED.

Several armed robberies were reported to the police yesterday.

Using a duplicate key, three men entered the first floor of No. 65, Caine Road, occupied by a married woman, named Kwok Sook-hing. They got into conversation with the inmates regarding a cubicle. The latter were suddenly bundled off into a room by the robbers, one of whom carried a dagger. About 15 minutes later, the robbers made a hasty exit, taking with them jewellery the value of \$85, a pair of spectacles and 50 cents in cash.

Japanese Wounded.

Three men, apparently the same gang, entered the house of a Japanese woman, at Spring Garden Lane yesterday afternoon. The woman, who was in the kitchen, apparently realised the object of the men's visit and gave the alarm, which scared them away. One of the men is said to have been armed with a revolver and another with a dagger. Tied in their attempts to secure booty, the man with the dagger inflicted a wound in the woman's thigh before he left. The wound is, however, not of a serious nature.

Seeking Education.

Another instance occurred at 8.30 p.m. yesterday at the second floor of No. 21, Battery Street, occupied by a school master. A man entered by the staircase door and asked to be provided with information regarding the fees charged by the schoolmaster. The man went away and returned a little later with two other men. Pretending to be still interested in securing some more pupils for the school, two of the men produced revolvers and forced the master and his sons into the kitchen, where they were bound. About a quarter of an hour later, the prisoners left by getting on to the roof of the adjoining house. An alarm was raised, but the robbers had by this time got clean away and taken with them money and jewellery amounting to \$400.

PLAY YESTERDAY AFTERNOON.

HONGKONG IN SOUND POSITION.

When the "China Mail" went to press yesterday afternoon the position was—

Shanghai 1st Innings 109. (Total for 6 wickets) 115.

Below will be found full details of the game from the time the paper went to press until stumps were drawn at 5 o'clock.

Webster Scores 50.

At 2.45 p.m. the 80 up was signalled and shortly afterwards, a burst of applause greeted the half-century for Webster. Although he had taken upwards of an hour and ten minutes to score his 50, he had played a magnificent innings which, except for the chance of stumping, had been without blemish. His placing, timing and wrist play were almost perfect. When the high bowling standard is taken into consideration, it must be admitted that he batted very well and it was pleasing to see that in 1922, he shipped confidently, if not with absolute freedom, against the strong and well-varied bowling.

By this time he had hit one over Carr's head (at mid-off) and Hancock seemed a little shaky. Little surprise was forthcoming, although it was regretted by the home partisans, when the captain was yanked by Quayle. 2.47 p.m. Hancock 4, Total 86, 4 wickets down.

The hopes of the crowd—in view of Shanghai's small first innings total—had not been quite realised. Webster was the only batsman who had "come off" and four good batsmen had been dismissed with only 86 on the board. "Mr. Extras" having contributed generously.

Next in was Ramsay, who opened his account by getting O'Hara to get tired and he occasionally played back, but hit O'Hara to the on boundary where he gave a just barely possible chance, the ball falling beyond the tips of the fielders' fingers, and the 90 went up at 2.52 p.m.

Getting in the extra good one now and then, Quayle was doing all sorts of things with his balls. O'Hara's length was still good but he had little luck. Shanghai's fielding was still good.

Ramsay could not get going at the rate he usually does and seemed uneasy at the difficulty he was encountering at making progress. He had few opportunities to score.

After an hour and 17 minutes of batting, Hongkong were applauded for having reached the 100, to be followed by a boundary and single bye.

When Hongkong were 107 (2 short of Shanghai's figure) Carr went on for O'Hara. Rounds of applause followed the 110 up as the visitors' total had been passed. However, at 3.04 p.m. Webster put his foot across one from Carr, the change of bowling again proving successful. Total 110, 5 wickets down.

Webster had remained at the wickets for about an hour and twenty-five minutes to get his 61, but, nevertheless, it was an effort, characteristic of his "best on the big occasion," and deserving of the applause which met him on his return to the Pavilion. Except for the chances which, as mentioned, were but bare chances, he played a steady innings, which produced runs and helped materially to wear down the brunt of the Shanghai attack.

With a single in the same over from Carr, Bowker, the new batsman, broke his "duck" and then Leach was given the ball in place of Quayle. Again, the change of bowling got a wicket as Clifford (at mid-off) brought off a very good catch with his left hand, wide out, dismissing Bowker and giving Leach a wicket. 3.08—Bowker 5, Total 115, 6 wickets.

Hargreaves took Bowker's place and started off with a single, a two and a four which he obtained by turning a full toss from Carr to the square leg boundary and thus sending up the 120. Then Leach went out full length on the grass but failed to hold a "push" from Hargreaves off Carr. Bowling at the Supreme Court end, against a moderate cross-wind, Leach proved deceptive in both pace and flight; some of his deliveries rose sharply, two hitting Hargreaves in one over.

Captain Barrett ordered another change of bowling as if to keep the batsmen from settling down and thus prevent Hongkong from getting any appreciable lead in preference to trying to dismiss Hongkong early, the latter object, if attained, meaning that Shanghai would have to bat at the end of the day. But the change was again justified as another wicket fell. Ramsay was out to the left-handed doctored at 3.21, l.b.w. Ramsay's contribution was 11, Total 126, 7 wickets down.

To complete the change of ends, Quayle going on for Carr at the Naval Yard end, while O'Hara, the doctored man, the other side, Stripp had now gone in and had

the bowling after a single bye; he touched Quayle to fine leg for four, sending the 130 up at 3.25.

Hargreaves was batting well and he was lucky to be missed by Leach—a one-hand catch high up—off the last ball of an over from O'Hara.

Persuading with his bowlers, Captain Barrett put Rawsthorne in place of Quayle. The skipper went in quite close at mid-off and also moved Carr inwards at square leg.

Encouraged by the way in which Dame Fortune had favoured him, Hargreaves opened out with a beautiful cut between point and cover point—a good four which the crowd approved in no uncertain manner. Stripp went across for a conference with Hargreaves and then pulled O'Hara, who was falling off, to the square leg boundary for another four.

Batting about five minutes short of the two hours, Hongkong reached 150 and then Hargreaves had 20 to his credit.

Torry Wilson was now given the ball but the batsmen stayed together to pass the 160 mark.

O'Hara Expensive.

Another change in the bowling was not unexpected as O'Hara was getting expensive and Leach was given a second trial. The latter was still apt to be deceptive in pace. Stripp was in slight danger as he hesitated and just nicked one out of Rawsthorne's reach. Wilson was not nearly so fast as he was in the match two years ago, but Stripp was content to play back to him. By comparison, the batsmen were subdued at this stage and runs came slowly. Hargreaves was given another life. This time Rawsthorne, who had fielded brilliantly, dropped him although it should be noted that the sun was in his eyes.

At 3.52 (over two hours' batting) Hongkong's total had reached 170 and Hargreaves's 30. To maintain the rapid succession of bowling changes, Dr. O'Hara was put on for Wilson and shortly afterwards, the batsmen were separated. Stripp was well taken by Rawsthorne who brought off a left-handed catch off Leach at 3.55 p.m. Stripp 18, Total 172, 8 wickets down.

Not counting "Mr. Extras" total, the Hongkong wicket-keeper had made the third biggest contribution. He was in for a few minutes over the half hour and his partnership with Hargreaves was the most productive of the two first innings, viz., 44, and he gave a sound, steady exhibition of batting, giving Hargreaves loyal support. He was applauded on his return.

Powell skied one over mid-on's head—out of reach—for a single and then Hargreaves, thanks to Quayle failing to stop a ball at third man, got a four to make the total 180. Hargreaves, sent a hot one back to Leach who made a left-handed effort, dropped it and then sent back a smart return on recovering. Put on again at the Supreme Court end (displacing Leach), Torry Wilson sent down a full toss on the leg side. The Padre then got two successive boundaries, sending the 190 up at 4.07. O'Hara nearly got Powell out by bowling him a slow one which the batsman played back just out of the bowler's reach and then Carr replaced Wilson.

Double Century.

Long applause from both the stand and Pavilion greeted the announcement of the 200, thanks to Hargreaves getting a four, past O'Hara at point.

Quayle substituted O'Hara with the new ball (after 200 runs had been scored) and Hargreaves skied one just out of reach of Evans at square leg. Powell was nearly out to a ball from Carr, the same thing happening as in O'Hara's case but this time the bowler got very close to it.

At 4.20, Hargreaves reached his half-century, having batted an hour and ten minutes for his runs. Almost immediately afterwards, Powell was out, l.b.w. to Jimmy Quayle. 4.21 p.m. Powell 17, Total 207, 9 wickets down.

Last man (Reed) in and Leach displaced Carr, sending down a ball with an extra nip which Reed played. Hargreaves hit a four over Leach's (bowling) head, bringing the score to 210 and then got another boundary past cover point for which he was again applauded. A single over point's head fell out of danger and then a boundary bye gave Hongkong 220.

Hargreaves was now hitting out and Reed refrained from running a short single to give him the bowling. When Barrett, standing somewhere between long field and mid-on, caught the Paymaster off Quayle to finish off the innings at 4.27. Total 220, Hargreaves 50, Reed 0 not out.

Comment On Play.—Shanghai joined in the applause as the batsmen reached the Pavilion. Hargreaves had been

QUEEN'S THEATRE.

"DADDY."

A large, old fashioned trunk is Jackie Coogan's bed in "Daddy," a First National picture, produced by Sol Lesser, which is coming to the Queen's Theatre to-morrow, for a five days' engagement. E. Mason Hopper directed it from the original story by Mr. and Mrs. Jack Coogan.

Much of the action takes place in the attic home of an aged violinist, who finds Jackie Holden wandering about the streets, and gives him a home. There is only one small bed, but Jackie discovers that the trunk contains a soft bottom of clothes, and he appropriates it for sleeping purposes. After assisting his feeble guardian to retire, all Jackie has to do is to undress and open the cover of the trunk. Within he finds his bed prepared.

"Daddy" reveals Jackie Coogan at his best and extends his juvenile genius to a degree perhaps never equalled on the screen or stage. In one episode, Jackie rises to dramatic heights.

The supporting cast includes Arthur Garewe, Josie Sedgewick, Bert Woodruff, Anna Townsend, Cesare Gravini, William Lewis and George Kuwa.

decidedly lucky but his scoring shots were very sound, some of his drives and cuts bearing the stamp of style and precise timing.

Beginning well up to reputation, the Shanghai trundlers dropped off in the latter stages. They may have suffered through the frequent changes, but Captain Barrett must have been encouraged by the regularity with which wickets fell, in the middle of the innings, as each bowler went on afresh and he obviously was out to catch the Hongkong batsmen off their guard.

Contrary to expectations,

the wicket remained fairly firm and it was not often that a ball got up in alarming fashion. It is difficult to pick the best of the visitors' attack but one noticeable fact was that Torry Wilson was in 1922. Through a mistake, Quick's wicket was credited to him, in yesterday's report, instead of to Carr. Dr. O'Hara was steady as his analysis will show, but the batsmen were on the lookout for him. Carr got in a lot of work with the ball and Quayle looked as if he was sacrificing everything to speed. The regularity with which the dangerous ones came down from him prevented the batsmen from taking full advantage of his loose balls. Leach bowled with his head and was unlucky in having two catches dropped, one by himself.

Dropped Catches.

All the Shanghai eleven were good in the field with the exception of Barrett and, to a lesser degree, Quayle, who were slower, by comparison, than the others. Where Shanghai went down was in the catching, such proved fielding stalwarts as Leach and Rawsthorne dropping chances. Evans, Clifford, Burn and Carr were quite sound, though the last named seemed to have hurt his wrist towards the end. Barnes was not nearly as good a wicket-keeper as Stripp.

Visitors' 2nd Innings.

Shanghai had just under twenty minutes' batting before stumps were drawn at five o'clock and when the Hongkong eleven trooped out a second time, the sun was not shining.

Webster had injured his wrist as the result of his strenuous batting—it was crooked in the War—and More went out to field for him taking his same position by alternating between long field and third man.

There was a change to the Shanghai batting order. Clifford (partnered by Rawsthorne) faced Bowker, who opened from the Naval Yard end and got a four by turning the ball towards the Pavilion. Rawsthorne then had Reed's bowling and Clifford was nearly run out, by a smart return from Ramsay which resulted in an overthrow but cost no extra runs.

It became evident that Shanghai were trying to play out time. Bowker had a maiden (his second over) and Reed followed suit. In his first three overs Bowker did not seem to be as dangerous as in the first innings and was apt to exceed his length. Howarth, neither Clifford nor Rawsthorne were taking any risks, although the former did try to punish one or two.

After two overs, Reed was taken off in favour of Quick and at 4.56 p.m. he beat Clifford with the last ball of his over, dislodging the balls to give him a wicket and a maiden for his first over. Clifford 4, Total 0, 1 wicket down.

Barnes was in next and he watched Rawsthorne face Bowker. An appeal for a ball which hit the batsman's pads was unsuccessful and the score remained unchanged when time was called at the end of the over.

If anything, Hongkong's fielding in this brief part of the second innings, was even a shade better than in the first innings. If this were possible.

SUN'S LATEST MANIFESTO.

"SOLE BASIS" OF SOLUTION.

DOWN WITH "FOREIGN IMPERIALISM."

Dr. Sun Yat-sen, as President of the Kuomintang, has issued the following manifesto to the Nation. It purports to deal with the present political situation and is dated at Canton, November 13. It reads:—

The following Manifesto on the present political situation has been issued to the Nation by Dr. Sun Yat-sen as President of the Kuomintang.

In a declaration issued on September 18, defining the aim and purpose of the Northern Expedition, we stated that the National Revolutionary Movement aimed at the creation of a free and independent China in the interest of the People. This objective is necessarily directed against the Imperialism which has reduced our country to the state of a semi-colony.

While the Revolution of 1911 ended Manchu autocracy, the full realisation of its aims has hitherto been frustrated by Chinese Militarism backed by Foreign Imperialism. Throughout the thirteen years of the Republican régime, the Militarists—from Yuan Shih-kai to Tsao Kun—have not changed in their essential characteristics and activities. They remain and continue to be instruments of the Counter Revolution. If, therefore, the work of the Revolution as a factor in the historical development of China is to be completed, the twin evils of Militarism and Imperialism must be destroyed. It was to create a situation ensuring the extinction of these evils that the Principles of our Party found military expression in the Northern Expedition.

Three Principles.

We affirm that our Principles—the Three Principles of Nationalism, Democracy and Socialism—are the sole basis on which a permanent solution of the problems of our country can be effected. These Principles have been worked out in a Maximum Programme which was adopted at the First Congress of the Kuomintang. We are prepared, however, to formulate a Minimum Programme based on the needs and actualities of the present situation.

In this Minimum Programme we lay it down as an essential term of External Policy that unequal treaties and agreements imposed on China by the Imperialist Powers as well as all such iniquitous conditions attached to loan-contracts as have enabled these same Powers to hold China in a state of economic servitude, must be rescinded. And in the matter of Internal Policy, there should be a clear definition of the respective powers of the Central and Provincial Governments, and the District should be made the basis of local self-government.

Results Of Policies.

We hold that our External and Internal Policies would yield the following results:—(1) the change in the international status of China to one of equality with the other Powers would lead to the development of our financial and productive capacity; (2) with the development of industry and finance, our agricultural economy would receive a new impetus and the economic conditions of our farmers and workers would be improved; (3) with the development of our industries, the organisation of the toiling masses would increase and strengthen and result in the improvement of their condition of life; (4) with the development of our industry and agriculture and with the improvement in the economic conditions of the labouring classes, commerce would inevitably flourish; (5) with the development of our national finances, the educational and cultural problems would find a practical solution and, necessarily, the employment of our intellectual classes would be a fact; and (6) with the abolition of extra-territorial rights in China and the assertion of our national laws throughout the land, the reactionary and counter-revolutionary forces would no longer find a base in which to plot against the integrity and welfare of the Republic.

Militarism And Imperialism.

For thirteen years, Militarism allied with Imperialism has been the principal obstacle to the realisation of these aims and purposes. This obstacle must be removed.

Military forces, aided by Imperialism, may temporarily seize and hold power as was the case of Yuan Shih-kai. But the latter's downfall could not be prevented even by his imperialist supporters. In the second year of the Republic, Yuan Shih-kai gained a considerable victory. But when the people discovered the character of that militarist, his downfall could not

armies should in like manner elect their representatives to the National Assembly if only because, in the new phase of the National Revolutionary Movement, our military forces must join the people and become a real instrument in the struggle for our National aims. And in order to ensure the success of the National Assembly, an amnesty should be proclaimed for all political prisoners, and all citizens and organisations must be guaranteed full freedom of propaganda and election as well as for whatever programme they may deem necessary to propose to the Assembly.

For thirty years our Party has carried on the National Revolutionary Movement on the basis of the Three Principles of the Kuomintang. The Maximum Programme, which embodies and works out these Principles, will be submitted to the National Assembly in the hope that it may receive the approval and authority of the Nation.

As a step to the realisation of our Maximum Programme, we shall submit to the Preliminary Conference the Minimum Programme outlined in this Manifesto.

CLYDEBANK EVICTIONS.

ACUTE SITUATION.

(Reuter's Service.)

LONDON, November 13. An acute situation has arisen in Clydebank where house agents have begun to enforce eviction orders they secured from the courts some months ago, but which were delayed till after the elections. Arrears in rents and rates in this district amount to £250,000.

Previously the tenants met the threatened evictions by organised passive resistance. Yesterday, however, the sheriff's officers suddenly raided and turned out seven families. To-day six families were found reinstalled by sympathisers, the seventh preferring to take refuge among friends.

The house agents now threaten proceedings against the tenants on the charges of housebreaking. The tenants meanwhile are organising a Protection Association to propagate a general rent strike in Clydebank, also a corps of "scouts" consisting of cyclists, and bell ringers to warn them of the approach of the evictors.

MECCA MUDDLE.

KING ALI TAKING OFFENSIVE.

(Reuter's Service.)

JERUSALEM, November 13. Reports from Amman give definite news from the Hedjaz that King Ali has taken the offensive, his army advancing toward Mecca. The Wahabites are now on the defensive and are evacuating positions between Jedah and Mecca.

ZINOVIEFF LETTER.

COMMITTEE OF ENQUIRY.

(Reuter's Service.)

LONDON, November 13. It is understood that the first meeting of the Cabinet yesterday appointed a Committee to conduct further inquiries into the Zinovieff letter. The Committee's findings will determine the nature of the Government's answer to the Soviet Government.

When the Irish revolt rule was fiercest Kevin O'Higgins and Rory O'Connor fought side by side against the Government. When the Free State was recognized O'Higgins became Home Minister in the Cabinet. O'Connor joined the de Valera faction and headed the rebels who seized the Four Courts in Dublin which the Free State regained only after a pitched battle. O'Connor was sentenced to die and it was O'Higgins alone who could save him. With tears in his eyes, O'Higgins listened to pleas for his friend's life; then, believing he did his duty he signed the death warrant. When O'Higgins, still grieving over the fate of the friend he had sent to death returned to his office he was informed that he was the sole heir to O'Connor's estate under a will the doomed man made just before he faced the firing squad.

No Country.

Mrs. Mary Bogdanoff, Australian bride of an American citizen, is literally without a country. By her marriage to an American she forfeited her Australian citizenship, and as Australia's immigration quota is filled, she was refused permission to land in San Francisco until officials in Washington had adjudicated on her status.

Trick Shots.

With his specially made set of golf sticks, Bobby Morrison, Jr., is striving to follow the footsteps of his daddy, well-known trick golf expert. The little fellow, four years old, is pictured teeing off from the neck of a bottle.

"First Gentleman."

When James E. Ferguson was Governor of the State of Texas Mrs. Miriam Ferguson was "the First Lady of the State." Now that "Ma" Ferguson has been elected Governor "Pa" Ferguson will naturally become "the First Gentleman of the State."

Back With Mother.

Mrs. Gertrude Magliano resorted to prayer when her six months old son was kidnapped. Two days later Mrs. Rose Marie Guttieman took the child to a police station, saying she had found two children mistreating it in front of her home. A little girl said she saw a woman enter the Magliano home and leave with Alfred in her arms.

Marriage Critic Weds.

"Marriage clips your wings," wrote Dorothy Spence but she proved she was wrong when she announced she would become the bride of Franklin B. Christman, a University student and a promising singer now studying at Nice, France.

SEQUEL TO PIRACY OF LIQUOR SHIP.

Above is shown Mrs. Max Jerome Phaff, whose husband is under arrest in Havre, France, charged with piracy as a result of the raiding of the French steamer "Molhouse" and the theft of her big liquor cargo. Phaff is alleged by the French police to have boasted he was "king" of American bootleggers and that the "Molhouse" was robbed to keep foreigners out of the rich bootlegging field. Mrs. Phaff is said to have admitted knowing some of the details of her husband's activities.

War Romance.

The romance which started in 1919 in France with the meeting of Horace Allen, and the former "Kiki" Gwynne, will come to an end if Mrs. Allen can convince Paris courts she is entitled to a divorce. The couple came to an understanding, she said, that they were not temperamentally mated. Mrs. Allen is a daughter of the late Edward Gresham Gwynne, nephew of the dowager, Mrs. Cornelius Vanderbilt.

FIGURES IN NEWS OF THE DAY.

Newcombe Carlton, President of the Western Union Telegraph Company, was knocked down by a taxicab and is suffering a broken rib. While riding near Bearne, Mrs. Hugh Gibson, wife of the American Minister to Switzerland, was struck across the face with a whip by a farmer who refused to permit her car to pass. Valdek Zbyasko, 243-pound wrestling champion, has won a divorce from his 100-pound wife, whom he charged with cruelty. During election riots in Cuba, seven persons were killed and sixty wounded. Ex-President Menocal's train later was fired on, but he was uninjured.

Hungry—Yet Afraid To Eat!

Such is the plight of thousands. They dread mealtime, for they know that suffering will follow; they know that diet as they will, digestive disorder is remorseless, and it has them in its grip. The pity of it is that such suffering is quite unnecessary, as any doctor can tell you. A little Bismarck Magnesia, taken in water (or a couple of the tablets swallowed) will instantly neutralise the harmful acid which gives rise to the trouble, and thus prevent all possibility of discomfort. You'll suffer no more from stomach troubles or weakness of the vital organs if you go to the nearest chemist, get a package of this sure cure, and take as directed. Remember, a dose of Bismarck Magnesia will stop the worst attack of stomach pain instantly, and you've only to take the preparation for a very little while to feel a different person altogether—healthier, happier and brighter. See the oval "BISMARCK" Sign on the wrapper when buying.

Ballet To Brooklands.

One of the competitors in the first race at the Essex Motor Club's meeting at Brooklands was Miss H. Lister, who as a Russian ballet dancer is known as Mde. Henrietta Listakova. She was allowed a generous start, but although first to complete a lap, she finished last but one.

Suffocated At Lunch.

It was stated at a Wimmer-smith inquest on Rudolph Neale (38), a retired City man, of Campden Hill Court, North Kensington, that he suddenly collapsed at lunch. A doctor said that a piece of meat which had become lodged in Mr. Neale's throat prevented him from getting breath, and that death was due to suffocation. A verdict of accidental death was recorded.

Friend Of "Uncle Tom."

The Quaker, Timothy Nicholson, who was closely associated in the middle of the last century with Levi Coffin, the original of "Simeon Halliday" in Uncle Tom's Cabin, in the work for liberation of the American negro slaves, has died in America, aged 95. Known as the "grand old man of American Quakerism," he was actively engaged in work till within a week of his death.

Horses Over Cliff.

Five horses, valued at £200, yoked to a tree trunk at Castle Eden, Durham, bolted, but were stopped and detached from their load. The middle horse then lost its footing, and slipped over the edge of a precipice, dragging the other animals with it. They fell a distance of a hundred feet and were killed.

Vicar's Novel Request.

Novel harvest festival gifts are suggested by the Rev. B. G. Bouchier, vicar of St. Jude-on-the-Hill, Hampstead Garden Suburb. "People in straitened circumstances," he says, "hardly want to be surfeited with green apples, or over-ripe bananas, or with moribund Michaelmas daisies." He suggests, among other articles:—Soap, candles, matches, cigarettes, tobacco, wine, pails, kettles, washing materials, clothing, boots, shoes, wool.

cotton, oil, garden tools, bread, groceries, thermogene, scent, subscription for a daily or weekly newspaper, watches, furniture, kitchen utensils, and chocolate. In referring to soap and tooth brushes as suitable offerings, he reminds his congregation that "Cleanliness is next to Godliness." Waverley Miracle.

A boy named George Rose, who resides with his parents at 24, Guthrie Street, Edinburgh, had a remarkable escape, when he fell through the glass roof of Waverley Station. Apparently the boy had been climbing on the eastern wall of the Waverley Bridge at a point directly above No. 13 platform, when he lost his balance and fell over. Crashing through the glass roof of the station, he dropped on to the roof of a train which was standing beside the platform, and from there rolled on to the line. He was picked up by witnesses of the accident in the station, and removed to Edinburgh Royal Infirmary suffering from shock and abdominal injuries.

Racial Prejudice.

The "Johannesburg Star" contains an interview with the Scots girl whose marriage with an Indian was interrupted shortly after her arrival in South Africa. Of prepossessing appearance, she looked but a mere child in her blue costume and short skirt. Her big grey eyes and bobbed hair of a rich brown colour accentuated her youthful appearance, while her complexion was as suggestive of a Scottish lassie as her accent. "I came out to be married," she said, "but I had no idea of the wall of prejudice that separates the Europeans from the Indians here. If I had known of it I would never have come. I admit that he intimidated me that I could not go to certain places of entertainment, which seem to be sacrosanct to Europeans, but I did not quite realise what that meant. In Edinburgh there is no distinction between races, for the Indian students there are as much accepted in society as Scotsmen. As I have stated, we have no idea of this prejudice, which obtains here against Asiatics, and if the people at home knew of it there would be few girls who would associate with them." What really was responsible for your withholding consent to the marriage? "It was the peculiar people that I was amongst in Spit River that somehow or other induced me to withdraw at the last moment. I could not assimilate them. The longer I was with them the more uneasy and unnerved I became, and it was then that I was really home-sick, wishing with all my heart that I was in Edinburgh again. When I

stood before the Magistrate, and he solemnly informed me of the conditions of the contract I was about to implement, I was seized with a terrible fear, and during that period the cold truth of the representations of my fellow-passengers dawned upon me.

"Mystery Scoi."

Details of a sensational plot to purchase British submarines and enlist British ex-officers to assist the Rifles in their war against the Spaniards in Morocco are published in the London "Star." The Paris correspondent of that paper states that he has learned from "an unimpeachable source" of a plot which Abd-el-Krim, the Rif leader, has hatched in conjunction with a London and Paris syndicate. For many months, he writes, Abd-el-Krim has been financed by this syndicate, and in return he has promised them valuable concessions in his desert country when he has successfully ended the struggle. Up to the present some £500,000 has been advanced in this way. The report goes on to state that two British submarines were ordered through a Middle Eastern Power. Delegates of the syndicate have carried out all the negotiations from London, and they have received help from a mysterious Scotsman, who is at present staying at a West End hotel. This Scotsman is Krim's technical adviser and has helped him from the beginning of the Spanish War. He speaks Arabic like a native, and his knowledge of war was gained as an officer in the Greys. It is further stated that the manning of machine guns and provision of machine guns and aeroplanes has also been arranged. The syndicate, it is added, had no difficulty in obtaining the machines, and the mysterious Scotsman's representatives have found it even easier to persuade British ex-pilots to take the chance of war and fortune in the Sahara.
